### **What is a Cookie?**

A Cookie is a small text file that a website stores on your PC, telephone or other device, with information about your navigation on that website. Cookies are necessary to facilitate browsing and make it more user-friendly, and they do not damage your computer. While this Policy uses the general term “Cookies”, as they are the main method for storing information used by this website, the browser's “Local Storage” space is also used for the same purposes as the Cookies. All the information included in this section is also applicable to this "Local Storage".

### **TYPES AND PURPOSES OF COOKIES**

Cookies can be classified, according to their own characteristics, into various categories. Our website uses the cookies described below:

- Own cookies

They are those cookies that are sent to your computer and managed exclusively by us for the best functioning of the Website. The information we collect is used to improve the quality of our service and your user experience.

- Third Party Cookies

If you interact with the content of our Website, cookies may also be set by third parties. Third-party cookies are those established by a domain other than our Web Site. We cannot access data stored in cookies from other sites when you browse these websites. On our website we also use the Google Analytics, a Google web analysis tool that allows us to know how users of our Website interact.

- Analytical Cookies

These are the ones that, together with our server log files, allow us to know the total number of users who visit our Website and those parts of it that enjoy most popular. Thanks to them, we obtain information that can help us improve navigation and provide a better service to users and customers. These types of cookies do not help, in short, to improve the usability and experience of the use of our Website.

- Session Cookies
